<b>SECOND PRELIMINARY AMENDMENT</b>		

EXPLANATORY REMARKS

In filing the First Preliminary Amendment, U.S. Counsel was not made aware that the parent PCT Application contained Claims 1 - 34, but rather, was led to believe that it contained only Claims 1 - 25. Hence, Counsel numbered the new claims as 26 - 50.

It has now been learned that the parent PCT Application contained Claims 1 - 34. The present Amendment SEEKS TO CANCEL ALL CLAIMS, and present New Claims in proper numbering order. Because of this unique situation with overlapping claims numbers, Counsel is presenting the List of Claims with both sets of claim numbers as being cancelled; i.e., 1 - 34 and the New Claims are numbered from Claim 35.
